

Remanufactured Cylinder Heads

Certified to keep your engine up and running

Highest quality product for our clients

HOERBIGER stocks an extensive selection of remanufactured parts and components for all lines of popular natural gas engines including Waukesha, Caterpillar, Cummins, White Superior and Arrow. All of our parts are remanufactured to meet OEM specifications and with guaranteed quality. OEM rebuilt service kits are also available and contain all of the required parts that are needed on-hand for scheduled maintenance and repairs. We can even customize your replacement part kits to suit your equipment's needs.

Zero-hour cylinder heads come complete with a 1-year warranty

HOERBIGER remanufactures cylinder heads to the original OEM specification. Cylinders are repaired locally and include the same 1-year OEM warranty.

HOERBIGER also designs and manufactures critical engine components like ignition, fuel admission and control systems that lower exhaust temperatures, reduce emissions and extend the overall life of your gas engines.

- Reduce engine downtime and maximize profitability
- Locally repaired at our remanufacturing facility
- OEM-only genuine parts: our parts and components meet HOERBIGER's own standards following exact specifications
- Same warranty as OEM: HOERBIGER remanufactured parts and components include a 1-year warranty
- Innovations in ignition, fuel admission, air and engine control systems
- Reliability: highly-qualified in-house mechanics, technicians and engineers increase reliability and performance on your equipment
- Improved cash flow: Core evaluation and credit within 30 days
- Quick turn around: Once you have found the cylinder that fits your engine, delivery is fast - we ship worldwide

About HOERBIGER Gas Engine Service

Who we are

- Specialized gas engine and reciprocating compressor solutions provider in the oil and gas industry
- Innovative technology, solutions and services to upgrade the performance level of your gas compression equipment
- Wide range of reliable and efficient products as well as OEM distributor services such as INNIO Waukesha
- Advanced team of engineering, field service, research and development expertise and latest information on service and maintenance details
- Official INNIO Waukesha Distributor and Service Provider in 26 countries worldwide
- Increased equipment reliability and efficiency with reduced maintenance costs and downtime
- Technical and product support, engineered product development, shop and field services
- Condition monitoring for compressors and natural gas engines
- Fully equipped repair and maintenance facilities

Manufacturers we support

- Waukesha
- Caterpillar
- Cummins
- White Superior
- Arrow

Our products & services

- Remanufactured/Exchange Engines & Components
- Engine Upgrades
- INNIO Waukesha New Engines
- INNIO Waukesha Certified Technicians
- OEM Genuine Parts
- Material Stream Agreements
- Engine Commissioning Services
- Conditioning Monitoring Analysis

Quality remanufactured OEM parts

The HOERBIGER Group

HOERBIGER is active throughout the world as a leading player in the fields of compression technology, drive technology and hydraulics. In 2017, its 7,300 employees achieved sales of 1.173 billion euros. The HOERBIGER brand is synonymous with components and services providing high customer value in compressors, industrial engines and turbines, automotive drivetrains, and multifaceted mechanical engineering applications. HOERBIGER industrial safety and explosion mitigation solutions save lives and equipment.

We set Standards.

Over fifty (50) engines are annually refurbished or exchanged and shipped around the world from our Canadian location.

This product brochure contains product specifications based on research and development on the one hand and on manufacturing on the other hand. Dependent on place of installation, operating conditions and specifications, several parameters of the described product may change. Thus, HOERBIGER assumes no liability or warranty for the accuracy and completeness of information covered in this brochure.
